

2009 Stone Crabs Swim Team PARKA ORDER FORM

Our team parka is a navy exterior shell complimented with a grey and white trim. The interior of the parka is a grey pile lining and our club name "STONE CRABS" is on the back in white block letters, and a single first or last name is embroidered on the front. The parka has deep pockets that are also lined. Truwest is the top manufacturer of parkas in the United States.

It is recommended that swimmers purchase an adult small/medium, or larger, even for our young swimmers. It is impossible to "wear out" a parka! Therefore even if it hangs down to the ankles when the swimmer is young, by the time they are older it will fit perfectly just at mid thigh.

Please fill out the order form below and return with a **check made out to Truwest for the total amount due.**
